

SPACE: TRAVELODGE – HEATHROW CENTRAL

CLIENT: Janson's Property

LOCATION: Heathrow, Middlesex

SERVICES: Architecture

**“A most unique solution...
signed, sealed and delivered.”**

Over the last 20 years, JWA has developed a fantastic working relationship with Travelodge. For this project we employed one of the most innovative ideas in modular construction. By using shipping container technology we added a new dimension to the fast track modular building process.

Containerised bedrooms were fitted out in China, shipped in and stacked on site creating a fast, weather resistant structure whilst reducing the construction period by nearly four months compared to other panel/modular systems.
