

SPACE: RAMADA PLAZA – SOUTHPORT

CLIENT: Neptune Developments
LOCATION: Southport, Merseyside
SERVICES: Interior Design

“A massive interior design task for a landmark 4-star hotel.”

In its entirety, this new build, mixed-use development on the north west coast caters for hospitality, leisure and retail sectors.

We were invited to pitch for the 4-star Ramada Plaza Hotel within the site. Happily, our designs were preferred and JWA was instructed on the fit-out contract.

This included designing 133 bedrooms over four floors, a conference suite, VIP suite & gym, as well as a reception area, bar, lounge and restaurant.

A palette of finishes was carefully selected to enrich the interior giving a feeling of timeless quality, all highly serviceable and with some very special finishing touches, including American Black Walnut, Basalt, Leather and Copper.

Exciting new lighting technology was incorporated into the large bespoke joinery items as well as the ceiling coffers to allow the operator flexibility with scene setting and themed events.
